

You Can Do It! Education

You Can Do It! Education is an approach to schooling that has as its goal for all children to realise their potential and to achieve to the best of their ability.

You Can Do It! Education seeks to reform school culture and educational programs in order that all children are equipped with the attitudes and values that are the foundations for academic achievement, sound interpersonal relationships, overall healthy psychological living as well as the eventual successful transition from school to work, further education and adult life.

Its pedagogy involves teachers, parents and the community working together to instill in children a belief in the value of education, and a belief in the importance of the own efforts in their achievements. Using a variety of motivational teaching and parenting practices, You Can Do It! School communities are committed to meeting the diverse needs of all children including those who come from different cultural, language and religious backgrounds.
